

To whom it may concern,

Central Grizzlies band boosters are seeking water donations for our marching band. We are a high level 5A division band with 145 students. Our band performs at football games and competitions – both of which are hours of dedication & performing. We usually go through over 8 cases for a game, up to 3 times that much for a competition that can last over 12 hours.

We are asking you for a contribution to our organization of cases of water. If you are able, we are a non-profit organization and will provide you with the information necessary.

Thank you for your consideration
